FİRMA PROFİLİ

Teksan Torna Pres Ltd. Şti 1967 yılında Sn. Halil ERZURUM tarafından kurulmuştur. 1969 yılına kadar çeşitli sektörlere hizmet vermiştir. 1969 yılından itibaren Türk Traktör Fabrikasıyla çalışmaya başlamıştır.

Sac - Pres , talaşlı imalat ve kaynaklı komplike parçaların imalatını yapmaktadır. Üretimin her aşamasında kaliteyi ilke edinmiştir. Kurmuş olduğumuz kalite yönetim sistemi sayesinde yaptığımız ürünler imalattan sevkiyatına kadar sürekli kontrol altında tutulmaktadır.

Autocad , Catia , SolidWork gibi çizim programları kullanarak 2 boyut ve 3 boyutlu resimler çizebilmekte ve modelleyebilmektedir.

Çeşitli sektörlere imalat yapan firmamız , her geçen gün kendini yenilerken , ürün yelpazesini geliştirmekte ve kalite standartlarında imalatlarını sürdürmektedir.

COMPANY PROFILE

Teksan Torna Pres Ltd.Şti was founded in 1967 by Mr. Halil Erzurum. Until 1969 company served in different business areas and since 1969 has been worked with Türk Traktör factory.

We produce sheet press, machined and welded complicated parts. It is committed to quality at every stage of production. Through our products we have established a quality management system are kept under constant control from production to delivery.

2D and 3D drawings can be designed and modelled by using Autocad, Catia and Solidwork programs.

While our company, that makes production for different areas, renewing itself, it expands its product range and continues its production at high quality standards.

The production of quality parts at most convenient economical conditions is the essential and indispensable quality policy of our company.

Kaliteli parça üretimini en uygun ekonomik koşullarda imal etmek şirketimizin temel ve vazgeçilmez kalite politikasıdır.

Our basic and irrevocable quality policy is to manufacture the high quality parts in the best economic conditions.
